MD MESSAGE

As the Managing Director, it is my personal ambition for ASAWER Oil & Gas (ASOG) to be recognized globally, not only for our orientation services and customer relationships, but also for delivering our intended objectives in a responsible and sustainable way.

ASOG as a projects-oriented company, help our customers to build trust in their own Engineering, Procurement, Construction, & Commissioning services and operations. We apply the same level of integrity to our own services whilst fully embracing the opportunities and responsibilities that come from oil operating companies; nevertheless, energy & infrastructures.

Within the previous years of experience behind us, we have enjoyed a steady growth in close association with the local and international firms, providing excellent services in the areas of engineering, project management, procurement and construction, beside the implementation of up-to-date technology and effective planning.

Our strength lies in the commitment and loyalty of our staff that has been selectively recruited based on qualifications and experiences that meet the requirements of the oil and gas industry. The composition of expertise of our employees in their own fields has made ASOG the most reputable and strong oil & gas service provider in the country. We strive to strengthen company client relationship, and we believe that through team work homogeneity we can achieve our targets.

I am proud of the progress we have made so far; and realizing the significance of our vision & mission we have set, we are truly committed to meet the level of satisfaction of both our stakeholders and clients.

Managing Director

WHO WE ARE

POWERED BY KNOWLEDGE DRIVEN BY VALUES

ASAWER OIL & GAS CO. Is an EPC national contractor founded to play a major role in the Oil & Gas market adopting the following objectives and strategies in line with SUDAPET Mission & Vision:

- To build the local capabilities & workforce.
- To be the Technical & Financial arm to SUDAPET.
- And to make the oil & gas industry in the Sudan indigenous.

VISION

A leading EPC company and supplier of products and services to the oil, gas, energy & infrastructure sectors in Africa & the Middle East. We use the best technology in quality products and services. We invest in human resources to achieve excellence.

MISSION

We actively engaged in consortium and JVs to provide services and EPC in the oil, gas, energy and infrastructure sectors in Africa & the Middle East. We satisfy the needs of our customers whilst meeting the objectives of our Principal.

ISO: 18001-2007 Certificate
ISO: 9001-2008 Certificate
ISO: 14001-2009 Certificate

ASAWER STRATEGIES

GROWTH STRATEGY

We consolidate our position as a provider of EPC services for Oil, Gas, Energy and Infrastructure sectors in Sudan and participate in JVs and Consortia in delivering specific services in Africa and the Middle East.

PRODUCTIVITY STRATEGY

Our focus is on improving the quality of our products and services and on meeting all timetables and schedules. We will improve the recruitment, selection, training and development of our staff with particular focus on the strategic job families. We will ensure that we have quality systems to support all areas of our operation.

SOCIAL RESPONSIBILITY STRATEGY

We aim to minimize the impact of our operations on the environment and to participate in the development of the communities in which we work in the most appropriate ways.

ASAWER VALUES

EXCELLENCE

Quality is not our ceiling. We aim for excellence in everything that we do.

COMMITTED

We are committed to maximize the benefits to our stakeholders.

INTEGRITY

We perform our business in an honest, ethical, reliable and responsible manner.

CUSTOMER ORIENTATION

We exert all our effort to satisfy our customers.

TEAM ORIENTATION

Teamwork is the foundation of all our activities towards achieving our mission, goals and objectives. Our partners are an integral part of our team.

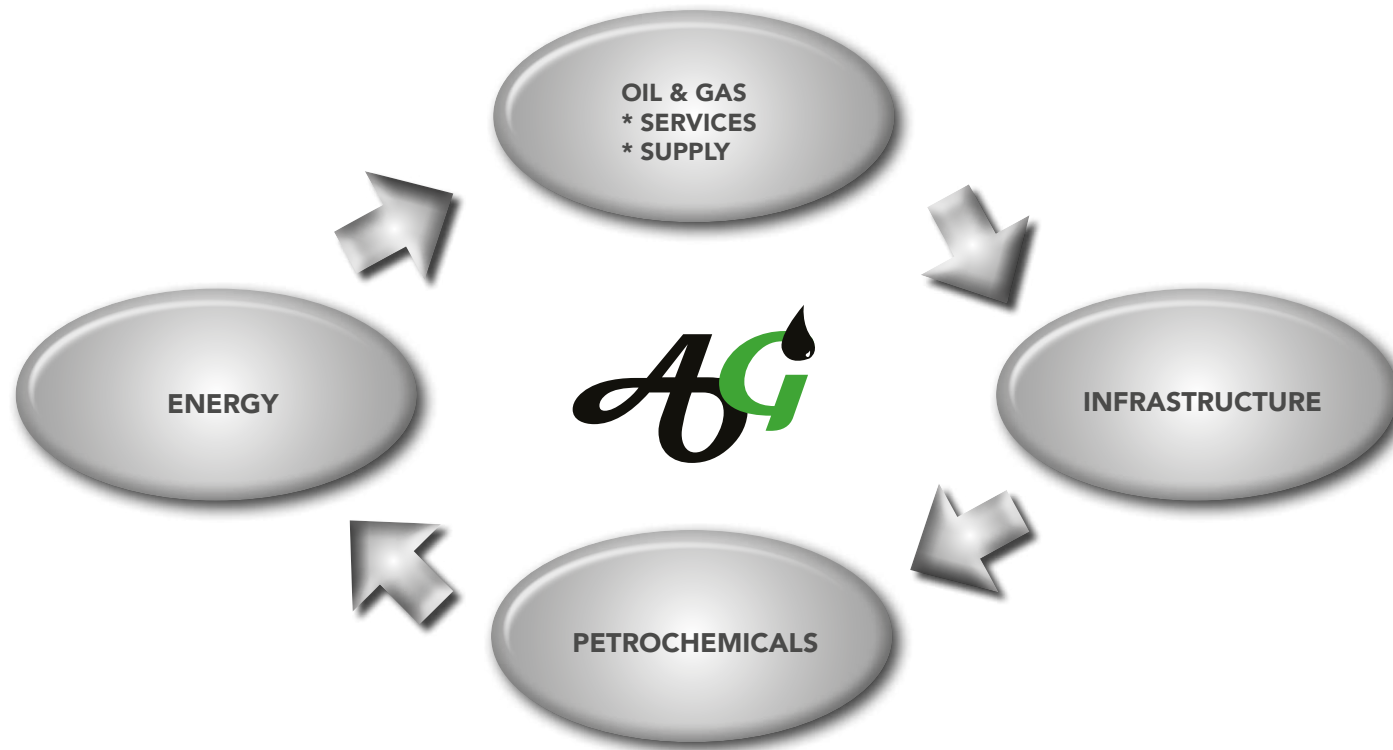

SOCIAL RESPONSIBILITY

We provide job opportunities and enhance national competency. We are committed to preserving a clean environment within our operational area.

ASAWER SCOPE OF WORK

OUR SCOPE

ASAWER OIL AND GAS Offers its clients innovative EPC services in the following fields of competence and business area:

Capabilities and Business Area

Oil and Gas

- Downstream Facilities
- Pipeline Systems
- Underground Storage Facilities
- Tanks Farm & Terminal
- Gas Processing Facilities (GTL, LPG, CNG)
- Operation & Maintenance Services
- Supply Chain Management Services

Energy

- Thermal Power Plant
- Desalination Plants
- Renewable Energy
- Climate Protection
- Power Transmission & Distribution Systems

Infrastructure

- Hydropower Plants
- Water Transmission Systems
- Water Supply and Wastewater Networks
- Water and Wastewater Treatment Plants
- Airports
- Roads
- Railways
- Urban Transport System
- Tunnels and Caverns
- Building & Structures
- Supply Chain Management Services

Petrochemicals

- Refineries
- Petrochemicals Plants

CIVIL & CONSTRUCTION CAPABILITIES :

ASAWER is committed to provide top quality civil/infrastructure works at competitive prices.

Our civil crew operating under a QA/QC system ensuring that our deliverables meet industry international standards and client expectations.

Asawer has a visibly defined understanding of HSE issues, permits and licenses that are required for construction projects and use smart partnerships to ensure ultimate compliance. Asawer provides a complete range of civil contracting services all over Sudan and the surrounding territories with extensive experience in:

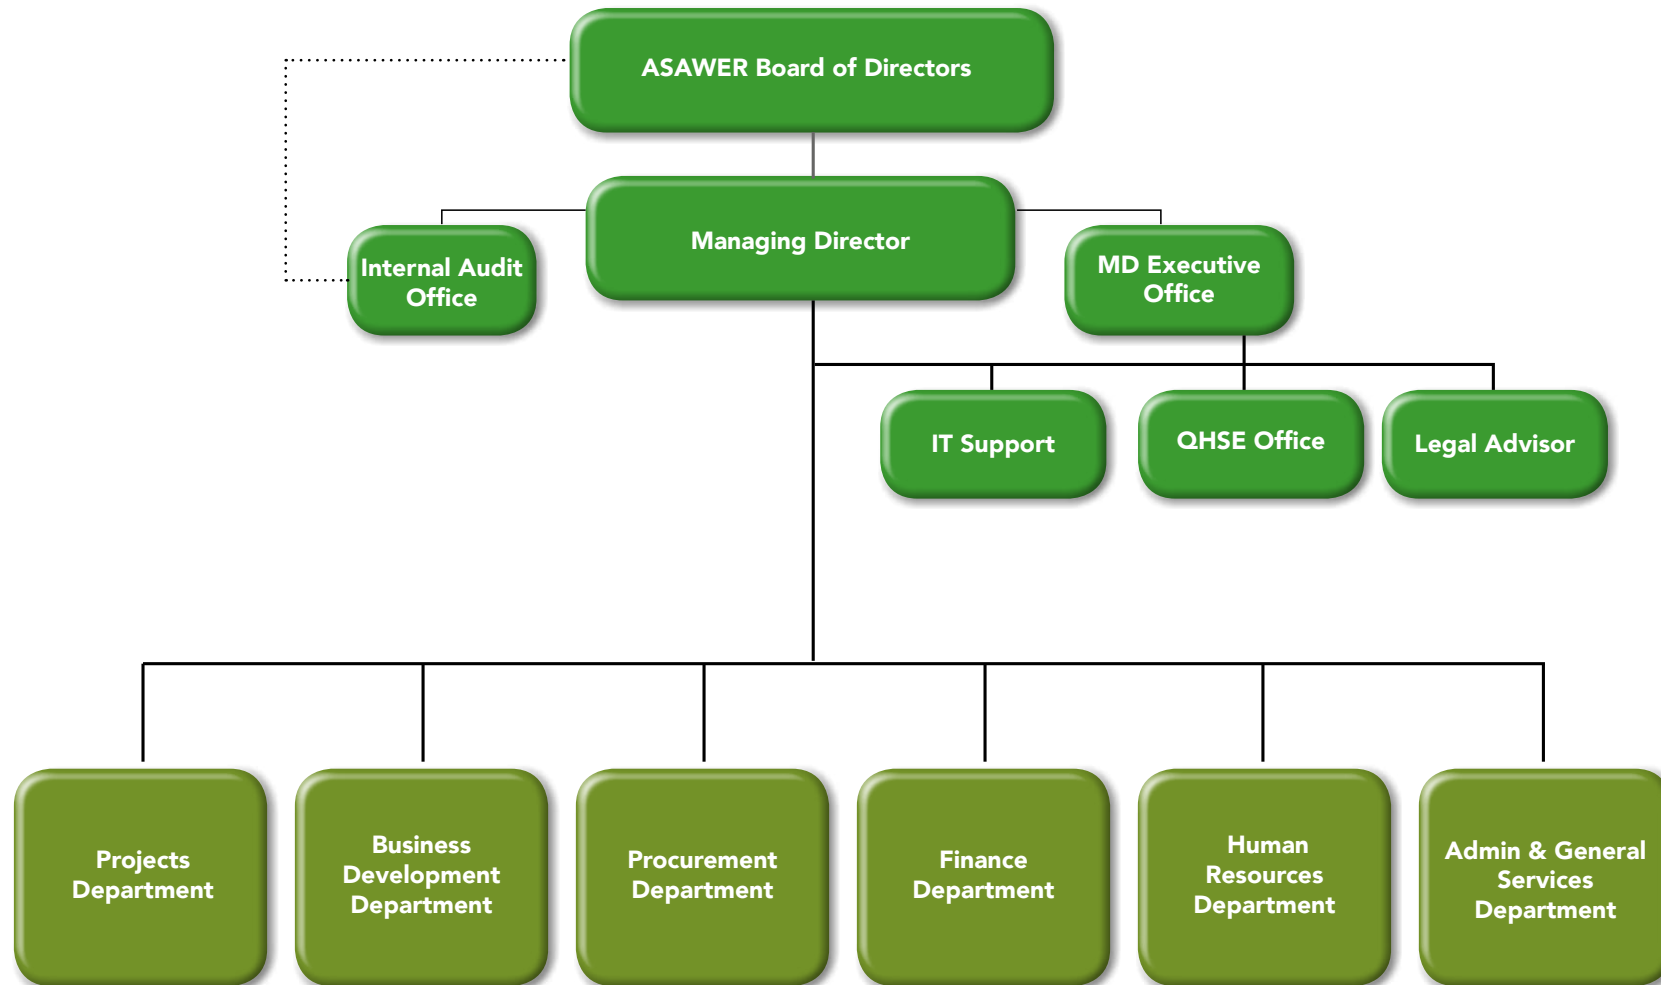

- Civil Construction.
- Roads & Bridges.
- Railways.
- Pipeline Civil Construction.
- Airports.
- Earthmoving Works.
- Electricity Civil Work.
- Landscaping Works.
- Small Dams Construction.

ORGANIZATION CHART

ASAWER ORGANIZATION STRUCTURE

HUMAN CAPITAL

THE COMPANY'S GREATEST ASSET

As a national EPC company, ASAWER has been established to take the role of the national integrated group help developing the local knowledge, capabilities, workforce and localization of oil industry in Sudan.

ASAWER has considered human resources as the most important asset to generate competitive advantage. Our strength and distinctive competence lies on our staff.

The composition of expertise of our employees has made ASAWER the most reputable and recognized oil & gas services provider locally and regionally.

ASAWER incorporated systems and capabilities lead to execute many projects (Locally & Internationally) as integrated projects with competent Sudanese staff.

ASAWER Oil & Gas integrates the economic, environmental and societal aspects of its business in order to achieve sustained financial success,

safeguard our environment and elevate our reputation as an EPC contractor and provider of unique services for a wide range of individuals

including our shareholders, customers, employees and those with whom we do business, as well as society and the future generations. All of those individuals expect us to engage with them, listen to them and evolve with them to meet their changing

expectations.

ASAWER staff has been selectively recruited, that's why we hired competent, smart, ambitious and hardworking people with a practical vision of success. This is proven by the performance of the

existing quality of overall ASAWER staff. We build and maintain a culture of learning and innovation in which employees can fulfill their potential and meet the most challenging targets including business, technical, quality, safety and up-to-date trainings.

It is a culture where we encourage our leaders to inspire others through personal example, and where the values of honesty, integrity, respect, trust, openness, teamwork and professionalism do exist.

QUALITY MANAGEMENT SYSTEM

ASAWER QHSE COMMITMENT

- ASAWER OIL & GAS CO. Implements a comprehensive Quality Management System which fully complies with ISO 9001:2008 - Quality Management Systems, ISO 14001:2009 Environmental Management Systems and Occupational Health & Safety Assurance - OHSAS 18001: 2007. Since May 2011.
- We recognize the fundamental importance of an effective Quality Assurance Program as an integral part of the Company's scope of work.
- Quality is everything. We understand our customer needs for reliable quality products at competitive prices. Our Products ,Services & solutions come with the quality guarantee. Using our advanced systems, our team follows a four-level quality inspection program conducting detailed quality checks and controls, ensuring services are of the highest quality and as per the specifications & requirements of the customer.
- Our non-conformance management team work via our integrated Quality Management Systems in order to mitigate turnaround time and reach our **Zero Non-Compliance Target**. We believe in communicating effectively in order to limit impact and find solutions at the earliest. Our commitment in quality is reflected through our investment into quality management systems.

JOURNEY TO GOAL ZERO

We care about our people and the people who use our services, products & solutions. We do not compromise on safety, and are focused on achieving our **Zero-Accidents Target**. A safe work environment is a prerequisite for us, we comply and exceed OHSAS (Occupational Health and safety) 18001:2007 standard.

ASAWER is committed to create a safe and accident-free work environment for its employees. We provide our employees with safety training & development, taking all the necessary preventive measures to maintain a safe-working environment.

Our safety concerns don't just start and end at ASAWER , we also spread the message of safety across our value chain Projects .

ZERO Accident
ZERO Harm to People
ZERO Damage to Environment

THINK SAFETY

FIRST, LAST & ALWAYS

ASAWER SUBSIDIARIES

ASAWER AJMAN - FZE - UAE

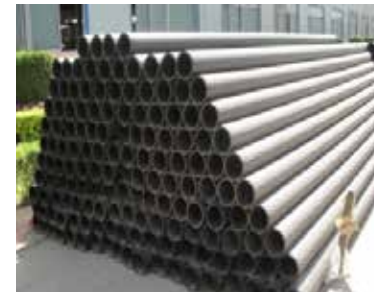

As one of the strategic procurement alliances to Asawer Oil & Gas Co. Ltd.

Asawer Ajman FZE is considered as a "One Stop Shop for Your Multiple Needs" in mechanical, Electrical & instrumentation projects.

ASAWER Ajman-FZE is providing supply chain management (SCM) solutions to the Oil & Gas, Non Oil & Gas, Energy, Infrastructure and Power Sectors in Sudan, UAE, Middle East, and Africa Region, using state-of-art practices and by offering efficient and effective quality solutions, through a climate of competitiveness, environment-friendly, fairness, timely deliverables and constant improving and with renowned manufacturers from across GCC, USA, UK, Europe, China, India, and Turkey.

ASAWER Ajman FZE provide complete range of equipments, parts, accessories and materials for all segments of customers, especially oil and gas related projects, such as:-

- Casing, Tubing & Line Pipes.
- Valves, Fitting & Piping.
- Power Generation.
- Wellhead Equipments.
- Production Chemicals.
- Mechanical Items and Spare Parts.
- Electrical Items and Spare Parts.
- Drilling Fluid.
- Cementing Accessories.
- Tools and kits.
- PPE.
- Rotating Equipments (Pumps, Compressor and Related Spare Parts).
- Static Equipments and Vessels (Tanks, Separators, Heat exchangers).
- Chemical Injection Skids.
- Water Treatment System.
- Spare Parts and Consumables.
- Construction and Building Materials.
- Prefabricated Building.
- CCTV & PAGA System.
- Fire Fighting Equipment & Materials.
- Fencing Materials.
- Offices & Kitchen Equipments and Furniture.
- Gym and Recreation Equipments.
- All Size of Cables.
- Computers & Electronics.
- IT Equipment & Solutions.
- All Type of Vehicles (4x4 Pickup, 4x4 Station Wagon, Trucks, Fire Fighting Trucks & Trailers).

Over the years, ASAWER AJMAN FZE has foreseen its customers constantly changing needs and expectations corresponding to the dynamic developments in this region and neighboring countries, and ensured that we are always ready when the customer calls. This sets us distinctly apart from the rest in the supply chain business.

We serve over 500 clients in 10 countries in the oil & gas, petrochemicals, water & power generation, mining & metals , marine, construction, and infrastructure industries ,we are driven by our motto 'commitment, creativity and conduct', underlined by our principles of honesty and dedication to our valued customers to provide genuine quality materials and focused after sales

services. Every employee at ASAWER AJMAN FZE embodies this motto in true spirit. Whatever you needs, whatever your deadlines, we are sure you will find everything here.

Our philosophy for commitment to provide genuine quality materials, honest dealings, and focused after sales services.

Our Strengths:-

- Wide Range of Products & Services.
- Complete Range of Original, Genuine, OEM & Replacement parts for oil & gas industry.
- Strategic Location.
- Associates in ITALY, FRANCE, KOREA.
- Commitment to Quality & Reliability.
- Professional Sales Team & Support Staff.
- Effective Logistics.
- Customized ERP Solutions.
- Products and Services On Time, Every Time.
- Ethical, Sustainable And Growth Leader.

Oil & Gas Equipments Spare Parts Services:-

- Complete Range of Original, Genuine, OEM & Replacement Parts.
- Gas Compressor, Steam Turbine, Gas Turbine, Centrifugal and PDS Pumps ,ESP Pumps.
- Gas and Diesel Engines & Components, Transmissions & Drive-trains, Turbos Superchargers.
- Hydraulic Pumps, Motors, Hoses, Hose fittings, Rubber & Sealing parts
- Charging, Starting, Cooling, Emission, Ignition, Computer Chip.
- Track & Undercarriage, Blade & Bucket Components, Batteries, Filters & Body Parts.

Our Exclusive Products:-

- Pipes, Flanges & Fittings.
- Gaskets ,Stud Bolts.

- Control Valves.
- (Material): Carbon Steel, Stainless Steel, Duplex, Super Duplex, Inconel, Monel Etc...).

Line Pipes & Process Pipes ,Fitting and Tubes:-

Comprehensive and complete range in all sizes, wall thicknesses, temperature & pressure ratings.
Material Grades: Carbon Steel, Low Temp, Stainless, Chrome, Moly, Aluminum, Duplex, Alloy steel, Inconel, Nickel Alloys, Hastelloys, Titanium , Cast Iron, Ductile Iron, Stainless Steel, Mild Steel, Moly, Duplex, Super Duplex, PVC,

CPVC, HDPE, LDPE. Meeting ASTM , ASME , API , BS , DIN , AFNOR , JIS , UNI , SIS , GOST , GOST Industrial Standards.

Grades: A53, A106Gr.A/B/C, API5LGr.A/B, 5L, 5LX51 to X60, A333Gr.1 to 6, AISI 304, 304L, 304H, 310, 316, 316L, 316H, 321, 347, 904, 904L A335 Gr. P1 to P91, NACE MR0175.

Sizes: 1/8" to 48" (NPS) Schedule: 5S to XXS, Odd thicknesses available on request .Types: SMLS, ERW, SAW, EFW.

Pipe Coatings: Galvanized, Epoxy, Fusion Bonded Epoxy, 3 Layers PE.

Oil Country Tubular Goods:-

API 5CT Tubing 2 3/8" to 4 1/2" in all Grades as H40, J55, L80, N80, C90, T95, P110 and in different weights and in NUE & EUE

- NUE & EUE Couplings 2 3/8" to 4 1/2".
- API 5CT Casing 4 1/2" to 20" In All Grades J55/K55, M65, L80/C95, N80, C90/T95, P110, Q125 And In Different Weights.
- Round Connection and BTC Couplings 4 1/2" to 20".
- Upgrading API & API 8 RD Threads, NU connections, Buttress facilities.

Valves & Actuators:-

Comprehensive and complete range in all sizes, wall thickness, temperature & pressure ratings. Material Grades: Carbon Steel, Cast Iron, Ductile Iron, Stainless Steel, Mild Steel, Chrome, Moly, Aluminium, Inconel, Nickel Alloys, Hastelloys, Titanium, PVC, CPVC, UPVC. Meeting API, ASTM, ASME, DIN, BS, AFNOR GOST, JIS, SIS Industrial Standards.

- Ball Valves: Forged & Cast, Floating, Trunnion Mounted in 1PC/2PC/3PC Design In Threaded, SW, Flanged & BW Ends.
- Gate Valves: Forged & Cast, Bolted/Welded Bonnet, Solid/Flex Wedge, Slab, Knife Gate.
- Globe Valves: Forged & Cast, Flat, Tapered, Plug or Regulating size.
- Check Valves: Forged & Cast, Piston, Ball, Swing & Wafer.
- Butterfly: Cast, Wafer, Lug, Centre & Double Flanged.
- Misc. Valves: Safety Relief, Draw, Pressure Reducing, Needle, Shut off.
- Actuators: Gear, Electric, Pneumatic, Hydraulic, Gas.
- Conforming to API, ASTM, ASME, DIN, AFNOR, JIS, GOST, Industrial Standards.

Lifting, Material Handling, Safety & Industrial Equipment Supplies:-

Full range of material industrial and handling equipments in all capacities, sizes for versatile and varied applications and meeting all International standards.

- Hand & Battery Operated-Pallet Trucks, Stackers, Reach-Trucks, Narrow-Aisle, Order-Picking Trucks.
- Diesel, Electric, Gasoline, LPG Forklift Trucks ,Explosion-Proof And Automated Forklift Trucks.
- Container-Handling Forklift Trucks And Straddle Carriers, Industrial & Rough Terrain Forklift Truck.
- Telescopic Handlers & Side Loaders, Hydraulic Truck Mounted Cranes.
- Rough Terrain & All Terrain Cranes, Crawler Cranes.
- Container Handling Equipment, Access Platform & Telescopic Handlers.
- EOT Cranes Single & Double Girder, Underslung, Gantry, Jib Cranes, Explosion-Proof Cranes, Electric, Pneumatic & Hand-Wire Rope Winches.
- Ratchet-Lever Hoist & Cable Pulls, Trolleys Push & Geared, Lifting Clamps, & Grabs ,Pig Trolleys, Transfer Trolleys, Conveyors & Scraper Traps.
- Chemical, Fluids & Lubricants.
- Fasteners.
- Hand Tools.
- HVAC.

- Hydraulic Tools.
- Janitorial Equipment.
- Machinery.
- Material Handling.
- Measuring & Levelling Tools. MRO Supplies.
- Plumbing Equipment.
- Pneumatic Tools.

Earth Moving Equipment and , Machinery & Vehicles

Earth-Moving:

- Wheeled & Track Loaders, Dozers, Excavators, Pipe Layers & Trenchers, Motor Graders & Scrapers, Dump Trucks, Backhoe Loader.
- Road-Building: Stone Crushing & Asphalt Plants, Paver Finishers, Vibratory, Tandem & Rubber Tyred Rollers, Bitumen Tankers & Sprayers.
- Contractor's Plant: Concrete Batching plant, Truck Mixers, Concrete Pumps, Air Compressors, Diesel & Electric welding sets, Dumper & Dewatering Equipments. Access Platforms & Telescopic Handlers, Scissor & Boom Lifts.
- Temporary Buildings & Port-A-Cabins: Containerized, Flat-Pack. Double-Storey
- Wheel Loaders ,Hydraulic Excavators (Wheeled & Crawler) ,Dozer, Pipe Layers & Trenchers ,Motor Graders & Scrapers ,Dump Trucks ,Backhoe Loader.

Range Of Vehicles For Different Terrains And Applications Including That For Security Sensitive Areas:-

- Armored: Two & Four-Wheel drive Trucks & SUVs.
- Trucks: Fuel oil, Water, Sewage, Dump, Refrigerated, Fire, Cargo, Garbage, Prime-movers, Flat & Low Bed trailers.
- Specialty Vehicles: Ambulances, Vans, Mini buses, Passenger buses, Sport Utility vehicles (SUVs), All-terrain Vehicle (ATVs), Recreational Vehicles (RVs) & Utility-terrain Vehicles (UTVs).

Electrical, Instrumentation, IT & Power Generation:-

- Gasoline, Diesel & Gas powered Generating Sets Generating Sets Ranging from 5 KVA To 2500 KVA.
- Powered by Perkins, VolvoPenta, Doosan MAN, MTU, Engines.
- Control & Synchronization Panels, E&I Cables.
- Open Skid Mounted, Sound & Super Sound-Proof Canopies and Containerized Versions.
- Robust & Reliable Lighting Towers With Different Engine Options, Fuel Bunded Tanks In All Capacities & Variou Dispensing Options.
- Customized Advanced Options Such As Automatic Start/Stop System.
- Remote Monitoring ,Power Wizard Panels ,Multi Set Synchronizing ,Acoustics / Weather Protecting Canopies.
- Electronics: Computers, Servers, Cameras, TVs, Tablets, Cell phones, Telephones, Network Devices & Accessories.
- Industrial & Commercial Appliances: Commercial Dishwasher, Dryers, Washing Machines, Microwaves and & Industrial Kitchen Equipment.
- Electrical Components: Conduits, Distribution Boxes, Enclosures, Transformers, Motors, Power Instrumentation & Control Cables,

Standard & Explosion Proof Lighting & Accessories.

- Programmable Logic Controllers (PLCs), Conveyors belts, Robotics & Accessories, Test Instrument.
- Renewable Power Generation (Solar Power, Wind Power -Wind turbines & Equipment, Desalination, Water Heating System).

AFRICAN DRILLING FLUIDS

AFRICAN DRILLING FLUIDS (ADF)

Is a Joint Venture Company Established By ASAWER and its Partner PALEO CHEMICALS.

THE SCOPE OF WORK:

- Provide drilling fluids materials, equipments, and drilling services plus the drilling waste management services.

SUCCESS:

- Drilled 84 wells "All Types" with no major problem related to drilling fluids.
- Drilling fluids cost reduced in term of prices "Cost Per Barrel" and in term of operation "Cost Per Meter".
- Research & Developments Centre is serving Sudan operation and the materials are optimized according to Sudan formations.
- Crossed the 1 year successfully in meeting clients' operation requirements without any delay or reduction in performance.

PRODUCTS:

- Weighing Agents.
- Fluid Loss Control.
- Lubricants & Spotting Fluids.
- Viscosities.
- Dispersants & Defloculates .
- Detergents & Surfactants.
- Oil Mud Products.

- Commercial Chemicals.
- Shale Inhibitors & Stabilizers .
- Corrosion Control Additives & Scavengers.

FACTORIES & MANUFACTURING FACILITIES:

- Barite Factories at Kodur, Andhra Pradesh, India.
- Pre-Gel Starch Factory at Chennai, India
- Pre-Gel Starch Factory at Nagari, Andhra Pradesh, India.
- PAC -LV & Regular Factory at Nagari, Andhra Pradesh, India.
- Pre Gel Starch Factory and PAC Blending Facility at Ras Al Khaimah, UAE
- Blending and Logistics Centre at Alexandria Free Zone, Egypt.
- Manufacturing Facility for Lignite and Asphalt Based Products at Saudi.
- Calcium/ Zinc/Ammonium /Sodium Bromide Factories at China.
- Calcium Chloride Powder /Flakes Factory at China.
- Pre-gel Starch Factory at Pondicherry, India.
- Resinated Lignite, Sulphonated Asphalt,

Sulphonated Asphalt.

- Supreme Factory at Hyderabad, Andhra Pradesh, India.
- Sodium Silicate & Potassium Silicate Factory at Chennai, India.
- CMC – LV & HV at Nagari, Andhra Pradesh, India.
- Loss Circulation Material Factory at Nagari, Andhra Pradesh, India.
- Glycols & Liquid Products Manufacturing Facility at Mumbai, Maharashtra, India.

The background is a solid yellow color. On the left side, there are several sets of thin, white, curved lines that fan out from the top left towards the bottom right, creating a sense of motion or a stylized landscape. In the center-right, the text 'CORPORATE SOCIAL RESPONSIBILITY' is written in a bold, dark grey, sans-serif font. A thin horizontal line extends from the end of this text to the right edge of the page, where it meets a solid dark grey circle.

CORPORATE SOCIAL RESPONSIBILITY

OUR COMMITMENT TO SUSTAINABLE DEVELOPMENT

ASAWER Oil & Gas commit itself to the principle of sustainable development that enables the present generation to meet their needs. Our practices are aligned with the systematic approach to implement good Health, Safety and Environmental management practices. Our actions are governed by the need to make business decisions that give credence to our sense of economic, social and environmental responsibilities and by which our

stakeholders can hold us accountable.

As we journey towards achieving our aspirations, the methods by which we bring our sustainable development practices into play will be integral to our success.

Our current stance is reflected in our competent practice.

We are truly committed to pursuing the goal of "No Harm" to people or assets as a result of our operations. We are committed to protect the health of the people at our workplace.
